

Systems Engineer: Citrix VDI

Sacramento, Ca

Full Time

About Enterprise Networking Solutions, Inc.

Enterprise Networking Solutions, Inc. (ENS-Inc) is an information technology consulting firm located in Rancho Cordova, Ca. We develop and deploy proven, reliable, and scalable enterprise technology solutions with key expertise in migration/consolidation services, virtualization, cloud integration, system integration services, business continuity, and disaster recovery. ENS-Inc Engineers and Project Managers partner with our clients on a wide range of technology projects. Founded in 1999, the ENS-Inc team is comprised of talented and respected professionals with over 100 certifications and a very long history of experience working with the public sector in California. In addition to state agencies, ENS-Inc has also provided services to California counties, cities, education, healthcare, and law enforcement, as well as private industry and services to other states.

Job Description

ENS-Inc has an immediate opening for an experienced Engineer that will be a good fit with our team. We are looking for an energetic person who has prior consulting experience, enjoys a challenge, and appreciates being surrounded by extraordinary team members. This person will join our Professional Services team as a Systems Engineer. The position provides consulting services to our clients around, but not limited to, Citrix Virtual Desktop Infrastructure technologies.

The position will be located in Sacramento, CA with primary work hours of Monday through Friday from 8:00am – 5:00pm. During the current Shelter In Place in California, work will primarily be performed remote, but due to the essential nature of this position, on site work may be needed before the SIP lifts complete. While not a primary part of the services we offer, occasional on-call, travel, and afterhours services may be required as part of the position.

Skills and Abilities

Required

- Advanced experience in implementing, configuring, maintaining, Citrix XenDesktop\XenApp environment
- Advanced experience in implementing, configuring, maintaining, Citrix Profile Management environment
- Advanced experience in implementing, configuring, maintaining, and supporting VMware vSphere\ESXi (versions 4.x – 6.x)
- Experience with additional VMware solutions such as Horizon, vRealize Operations, vRealize Automation, and NSX
- Experience with the compute, storage, and network technologies that support a Citrix virtualized environment

- Prior consulting experience
- Ability to work independently as well as in a team environment
- Ability to work in a fast paced and collaborative environment
- Effective skills in task prioritization and time management
- Ability to quickly and accurately diagnosis technical issues
- Strong presentation and documentation skills

Preferred

- Advanced experience with storage technologies such as NetApp, Pure, and/or EMC
- Advanced experience in implementing, configuring, maintaining, Citrix Profile Management environment
- Experience integrating solutions with load balancers such as F5
- Expert Microsoft Windows Server and Active Directory support experience
- Experience with cloud technologies such as Microsoft Azure and/or AWS
- Project Management experience

Other Required Qualifications

- 7+ years of Virtual Desktop Infrastructure Systems implementation and operations experience.
- 5+ years of consulting experience.

Other Preferred Qualifications

- Possess additional certification(s) related to the technologies and skills listed in the Skills and Abilities section of this posting.

Enterprise Networking Solutions, Inc. provides equal employment opportunities (EEO) to all employees and applicants for employment without regard to race, color, religion, sex, national origin, age, disability or genetics. In addition to federal law requirements, Enterprise Networking Solutions, Inc. complies with applicable state and local laws governing nondiscrimination in employment in every location in which the company has facilities.
